

A dictionary of American politics

Excerpt from A Dictionary of American Politics
Liberal use has been made of every source of information in preparing this volume. The facts have been stated with as great accuracy as could be attained by unstinted care and in the briefest manner consistent with complete information. The authors have endeavored to write without bias or partiality in any direction. It will be noticed that cross-references have been freely used, without which much space would necessarily have been wasted, and the suggestion may be made that even in the absence of references the reader should turn to topics mentioned in the text for the full view of a subject. With the hope that this book may help to fill an existing vacancy, it is submitted to the public. About the Publisher
Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com
This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
