

## Winston Churchills World View: Statesmanship and Power

This is a study of the most underlying principles and goals that shaped the actions of one of the most influential men of our time. The author traces the genesis and elaboration of Winston Churchills views from his youth at the fringes of the British Empire through his rise as a politician. Thompson demonstrates the relevance of Churchills views to the present world situation, and shows the current need for a steady, principled, pragmatic approach to maintaining world peace.
