

## Everyday Americans (Classic Reprint)

Excerpt from *Everyday Americans* This is emphatically not a war book; and yet the chapters that follow, in one sense, are the fruits of the war, inasmuch as they represent reflections upon his own people by one returning to a familiar environment after active contact with English, Scottish, Irish, and French in the turbulent, intimate days of 1918. They are complementary, in a way, to a volume of essays which sprang from that experience and was published in 1919 under the title *Education by Violence*. But though representing in its inception the fresher view of familiar America of one returning from abroad, this book in its completed form is tendered as a modest attempt to depict an American type that was sharpened perhaps, but certainly not created by the war.
