

WARRIOR FOR JUSTICE

In this dual biography and autobiography, author Kathy Andre-Eames celebrates the life of her husband by highlighting his numerous accomplishments. George Washington Eames Jr. worked with the Baton Rouge branch of the NAACP for almost thirty years and served as president for fifteen of those. He worked within the system to desegregate the Louisiana State University athletic department, helping coach Dale Brown recruit black players and coaches. Eames' efforts at integration and equality continued, focusing on the city's police and fire departments, public transportation, recreation and parks, and, even, the penal system. He also worked with the American Disability Association to force universities, public areas, and other facilities to comply with ADA standards. Although considered a radical at the time, Andre-Eames supported her husband in all of his endeavors toward social justice. A couple burdened by inequality and oppression, but bound by determination and love, the unlikely romance of Kathy and George affected the lives of so many. Although their family connections were at times tried and stretched to the breaking point, their relationship remained steadfast. Their story reminds us all that one person can accomplish a great many things, but two together, united by love, can impact the world in remarkable ways.
