

Darkwater: Voices from within the Veil

I venture to write again on themes on which great souls have already said greater words, in the hope that I may strike here and there a half-tone, newer even if slighter, up from the heart of my problem and the problems of my people. So W.E.B. Du Bois describes this great and moving work that incorporates memoir, essays, spirituals, and poems. His lucid prose and lyrical poetry articulate and illuminate American racial issues as no other author has ever done. A compilation of Du Bois previously written works from The Atlantic, the Independent, The Crisis, and The Journal of Race Development, this volume deserves to be read by every American.
