

Luxury (Classic Reprint)

Excerpt from Luxury In the 18th century people held long and lively discussion on the subject of Luxury. To-day we do not discuss it so frequently; we are content with indulging in it to excess. Is luxury useful? This is the question we need to decide. I have read somewhere, no matter where, a saying which seems to me exactly to sum up the discussion. A financier and an economist of the last century held entirely different opinions on this subject. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
