

## FOREIGNER 119

Book Summary: With their backs against the wall, it was time for all or nothing. From the implosion of one of Korea's largest and most notorious English Academies, to the defining study of a nation in a hurry to self-destruct, Morgan J. delivers a new level of understanding, for a race that forgot about why. Relive two years of study, as Morgan J. races against time to achieve the impossible, and help bring life back to a nation aging well beyond its years. In the days of globalization, and a time when peace is needed with a stabilized North Korea, these simple-man's words make a world of difference.
