

Russian Language Studies in North America: New Perspectives from Theoretical and Applied Linguistics (Anthem Series on Russian, East European and Eurasian Studies)

Russian Language Studies in North America: New Perspectives from Theoretical and Applied Linguistics offers a unique collection of research papers representing current directions in Russian language studies in Canada and the United States. Traditionally, Slavic and Russian studies in these countries have centered around literature, history, politics and culture. This volume reflects recent changes in Russian studies by focusing on language structure, language use and teaching methodology. The volume brings together several generations of scholars, from young promising researchers to those with long-established reputations in the field.
