Excerpt from A Compendious History of the Reformation in France, and of the Reformed Churches in That Kingdom, Vol. 3: From the First Beginnings of the Reformation, to the Repealing of the Edict of Nantz; With an Account of the Late Persecution of the French Protestants Under Lewis XIV. Extracted Out of the Best Authorities; A Work Never Before Published; Wherein the Many This First Part of the Third Volume of our History of the Reformation in France, and of the Reformed Churches in that Kingdom, contains the most considerable Events from the Peace of Amboise to Charles the Ninths Death in 1574. It will seem surprising that in a Book that promises the History of the Reformation one is continually to meet with Events having little or no Relation to Religion, most part of them being of a political Nature, such as Manisertos, warlike Preparations, Sieges, Battles, Negotiators of War and Peace, &c. But that flows of course from the State and Circumstance the Reformed were in, in France. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
