

The Delphian Course, Vol. 3: A Systematic Plan of Education, Embracing the Worlds Progress and Development of the Liberal Arts (Classic Reprint)

Excerpt from The Delphian Course, Vol. 3: A Systematic Plan of Education, Embracing the Worlds Progress and Development of the Liberal Arts Homer and Hesiod intimate to us how this art should be applied, when they represent the Muses as surrounding Jupiter, and warbling their hymns about his throne. - Addison: Spectator, 405. The origin of the Greek drama is to be found in the yearly celebrations observed in honor of Dionysus, god of wine. Riotous festivals were held, during which the god of wine was extolled with carousals and boisterous songs, - these having been introduced into Greece from Thrace, where they were even wilder in their nature. Dionysus had taught men how to grow the vine and how to make delicious wine from its fruit. He was conceived to be a rollicking god, jolly and restless, and was very popular in Hellas. Myths connected him with a company of satyrs - half men, half goats, who sang his praises and drank his wine, and went about leading others to join their train. That he might be appropriately worshipped, people banded together in companies at certain seasons of the year and indulged in noisy revelry, as Silenus and his satyrs were supposed to do. In fantastic dances and wild choruses they did honor to the god. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical

works.
